Extraction Method: Distillation

Shelf Life: > 3 Years

Country of Origin: USA

REACH Status: Exempt

Description:

In addition to natural formulations of Witch Hazel, American Distilling offers several Certified Organic Pulp and Leaf Extracts. For over 100 years, we have harvested Witch Hazel plant material as a wild crop from the wilderness of New England. American Distilling is certified by Quality Assurance International (QAI) as an Organic Wild Crop Producer and Organic Processor, adhering to a strict Organic System Plan encompassing over 20,000 acres of land approved for harvest.

Cosmetic applications: excellent for all skin types including sensitive, oily and dry. It is commonly found in cleansers, toners, anti-aging products and in products for blemished or acne-prone skin.

Pharmaceutical applications: this ingredient is used in products that treat a variety of skin conditions relating to irritation and swelling. It has also been widely accepted for use in products for chronic skin conditions such as psoriasis, cracked or blistered skin, diaper rash, windburn, and sunburn.

Custom blends available upon request.
